WALLER'S STRICKEN FAMILY

The Imprisoned Ex-Consul Sends Out an Appeal.

HIS FAMILY IS NOW PENNILESS

He Urges His Family to Send Him Money at Once so he Can Purchase Such Food and Clothing as Will Protect Him From the Cold.

WASHINGTON, Nov. 16.—The family of ex-Consul John L. Waller, now imprisoned in France, received yesterday a letter dated Oct. 16, in which Waller gives a gloomy account of his condition. He says that he has been suffering from a violent hemorrhage of the bowels. He says that the new directory of the prison has, in view of his condition, arranged so that he can purchase such rations of food as will be necessary for his health and demands to protect him against the cold, and he urges his family to send him money at once, so he can receive it before the middle of November. This appeal for money found Mrs. Waller in a state of destitution. She has received no assistance from the government since she arrived in Washington several weeks ago, and the family of five has already exhausted the \$600 received from public contributions before the state department undertook to bring them from Mauritius. They are now penniless, and depend on charity.

PARIS, Nov. 16.—M. Berthelot, according to The Matin, is desirous that his department, the ministry of foreign affairs, should settle the question of the legality of the proceedings in the case of John L. Waller, undergoing a sentence of twenty years' imprisonment for corresponding with the Hovas, as promptly as possible. This desire is brought about by the fact that the United States government is insisting upon a definite reply to its representations in the case.

A Priest's Wonderful Ride.

WICHITA, Kan., Nov. 15.—Father John Begley, a pioneer priest stationed at Kingman, this state, has just made one of the most wonderful rides on record. Mrs. Quinlan, of New York, was dying on the ranch of her son in the wilds of the Pan Handle of Texas, and Father Begley was sent for to give her the consolation of religion. The distance was 310 miles, of which 160 was overland. Six relays of horses had been arranged for him by the ranchmen en route from the end of the railroad at Englewood, Kan. He rode the entire 160 miles in twenty-one hours and thirty minutes, and arrived at the ranch five hours before she became unconscious. He ate nothing during the trip, and took only one drink of water.

Cabmen's Strike Quickly Ended.

NEW YORK, Nov. 16.—The strike of cab drivers and stablemen, which promised to paralyze travel by hired vehicles in the city for an indefinite time, fell through yesterday, when most of the men who had been ordered out by the Liberty Dawn association to support the demands of the employees of Seabell's stables returned to work. Seabell's men are still on strike, but the company sent out forty cabs yesterday driven by non-union whips, each of whom was guarded by a policeman in civilian's dress on the seat beside him. It is said that many cabmen threatened to leave the organization unless its leaders reversed their demand for a sympathetic strike.

Leading Boston Merchant Dead.

BOSTON, Nov. 16.—Eben D. Jordan, one of the founders of the firm of Jordan, Marsh & Co., died yesterday at his late home on Beacon street, aged 73. Mr. Jordan had been sick since early in July. He had no specially dangerous disease, but the cause of his death seemed to be a general decline of vital power. Mr. Jordan was left fatherless and penniless at the age of 4, and his widowed mother placed him with a farmer near his birthplace—Danville, Me. At 14 he started out for himself, his first regular employment being as a farm laborer at \$1 per month and board. His fortune is estimated at \$5,000,000.

Saved by His Attorney's Plan.

VANCOUVER, B. C., Nov. 16.—In the Benson murder trial the jury returned a verdict of not guilty, and the prisoner was immediately released. The verdict was a great surprise, as the defense was very weak, and Judge Walker charged strongly against Smith, the accused. Bowser, the accused's counsel, made a brilliant address in his behalf, lasting over two hours, and his speech undoubtedly saved the prisoner's neck.

Game Declared Off.

The game of foot ball between the Columbia team of town and the Pottsville team, which was to have been played on the latter's grounds this afternoon, was declared off by a telegram received from Manager Burkhart last evening. The Pottsville management heard that Shortall, of the regular Shenandoah team, had been selected to play with the Columbia's and for that reason declared the game off. They did not want to have any player of the big team interested.

Armenians Are Preparing for a General Uprising.

SPECIAL TO EVENING HERALD.
CONSTANTINOPLE, Nov. 16.—The Armenian revolutionists fired on the Mussulmans and attacked the palace of the Governor, the military station and other buildings. They were repulsed, however.

In an attack to-day about eight hundred persons were massacred by Mussulmans at Khasput. Eight American missions were ransacked and the missionaries burned. It was a bloody conflict, and other massacres are reported in other quarters. The government has ordered more troops.

Coyle's Libel Suit Renewed.

The suit for criminal libel instituted by Senator John J. Coyle, against Editor John W. Parker, of the Mahanoy City Record, has been renewed, although the editor has made full retraction through the columns of his paper. In last night's issue, Mr. Parker says: "The proprietor of the Record went to the office of Squire William F. Doherty, last evening, prepared to pay the bill of costs in the case, but was surprised to learn that notwithstanding the correction published, Mr. Coyle had instructed the Justice that the case was not to be withdrawn. This morning the Justice returned the case to court. The defendant is under \$1000 bail, on his own recognizance, to appear at court."

High-grade pianos of different makes always on hand at their ware-rooms, South Main street. During the last ten days they have sold six pianos. The Board Will Elect.

There is some speculation as to whether the School Board will elect a successor to the late John T. Stanton. There is every reason to believe that it will, as the Republicans have the power for the first time in several years to place a Director in the First ward and the Directors who may be elected next spring will not take their seats until the first Monday of June. Before that time arrives the board will be called upon to elect a superintendent of the schools and a trustee other.

WORK FOR THE ASSESSORS

The Auditor General Complains of a Falling Off in Taxes.

EXPLICIT INSTRUCTIONS GIVEN.

The State Officials Intimate That the Law Requiring a Return of Moneyed Interests is Being Evaded and Call Attention to the Penalties.

SPECIAL TO EVENING HERALD.

POTTSVILLE, Nov. 16.—The Auditor General has called the County Commissioners to explain why there has been such a decrease in the return of moneyed interests in Schuylkill county. In 1894 the returns aggregated \$3,023,403 and in 1895 they fell to \$2,971,830. This made a decrease in the state tax of \$2,014.53. The Auditor General intimates that he believes many taxables are playing shy of the requirements of law.

This county is evidently not the only one that has shown a decrease, as the County Commissioners throughout the state have received from the Auditor General, blanks relative to the work of assessors. Blanks have also been forwarded to be distributed among the several assessors of the county in the spring of 1896, prior to the time of making the assessment. The blanks for return of personal property, subject to a state tax, have been revised, giving full instructions, arranged in such a way that officers and taxpayers will see just what property is to be returned, including many items which have heretofore been omitted. These blanks must be placed by the several assessors in the hands of every taxable person or corporation in the county, and it will be the duty of the assessor to see that they (the taxable persons and corporations) shall respectively make returns.

The act of June 8, 1891, is quoted and the provisions of the act which violate any of the provisions of the act will be guilty of a misdemeanor, according to section 13, which provides: "That any willful failure on the part of the county commissioners, board or revision of taxes, ward, borough and township assessors, recorders of deeds, prothonotaries and clerks of courts, to carry out the duties imposed upon them by the several sections of this act, shall be deemed a misdemeanor, and upon conviction thereof the person or persons so failing to comply shall be sentenced to a fine not exceeding five hundred dollars and imprisonment not exceeding one year."

Whilst the duty incumbent on the part of the assessor and commissioner is imperative, the taxpayer is no less liable for neglect of duty. Section 3 of the act provides: "And any person or officer who shall willfully and corruptly make a false and fraudulent return as aforesaid shall be guilty of willful and corrupt perjury, and upon his or her conviction thereof shall be sentenced to pay a fine not exceeding \$500, and undergo an imprisonment by separate and solitary confinement at labor not exceeding seven years, and thereupon be forever disqualified from being a witness in any matter or controversy."

The county commissioners are required to destroy all old personal property blanks, and in lieu thereof new return sheets are provided, which are quite an improvement on the old sheet, inasmuch as the average taxpayer can better understand the schedule of property subject to taxation for state purposes.

The new instructions will give the assessor an important and responsible duty to perform and he will be required to be particular.
